Dear John,

Thank you very much for the two plans you sent up earlier this month. They were just in time to be included in the show together with items from the journals I bought previously. I will let you have the plans back within a week of the close of the exhibition.

The show itself is going very well and there has, as I suspected, been quite a good response from the press both local and national. I will send you copies of the relevant pieces. Your own material has created a great deal of interest among visitors to the exhibition and I have told several people how to get in touch with you.

I hope you received the catalogue I forwarded last week, however I have included a further copy just in case. In the catalogue production we experienced several severe difficulties due to the so called 'power crisis' so I apologise here for the delay in sending your copy.

I hope your work progresses well and that this exhibition may help you in some way.

Yours sincerely,

Pete Ling
